Rose,

Here is a draft that I had started some time ago. I was told this was due now; but later on.

Thank you for helping out. Much appreciated.

I'll work on the draft of the Action Information Template and send it back to you for editing

Thanks Rose, I have never seen this form before. I will send it back tonight, I am stuck to my screen now with Mike in interviews and can not at the moment.

Dolores, you'll need to sign this and send back out to the larger group (including Antonio). I didn't check some of the boxes since they apply to a normal FRN transmission.

Let me know if you need help with the action information template that Mindy sent. Typically, we would only use the template these for rules signed by the Administrator, though they keep changing this

Hi Mindy,

I used the format provided by Teddy, but there is nothing special in it that will allow an electronic signature. I will ask around.

Hi,

Apparently the new SOP is that OW IO has to clear ICRs before they can go to OP. ☹️ I will get this to John this morning. Question for you: do you know if the FRN has been formatted for electronic signature for OFR? I think there is something specific.

thanks

Mindy,

The FRN draft notice and typesetting form are due today.

Rose was a super trooper and helped me with the administrative 'finishing touches' for the FRN and the typesetting.

Thanks Rose!

The clean version for the supporting statement, FRN notice and typesetting request are in the 404 G SharePoint files, under D. Reg Support Docs.
